I have dealt with this company for years and always gotten prompt feedback and service that has yet to be the subject of motion practice. Their prices are reasonable. There really isn't much more you can ask for or need from a process service company.

ABOUT OUR COMPANY

Legal support services for over 20+ years

Elite Legal Services of NY Inc., Inc. was formed in March of 1992 by Sam Berk. Working out of his home, Sam started to cultivate clients and to actually serve process himself. In September of 1992 the operation moved into its first office space, 400 square feet, at 254-10 Northern Boulevard, Little Neck, New York. The Process Serving business started to grow at a pace that dictated finding larger quarters. New space was found at 16-03 Francis Lewis Blvd, Whitestone, NY 11357, and they have been at this location since June of 1997.

Elite Legal Services of NY Inc.'s future is bright with much new process servicing and document retrieval business on the horizon. The greatest source of this legal service business is the referrals that present clients are giving to legal associates and friends. The business of process servicing is doing well with billings having quadrupled since 1993. Now, Elite Legal Services of NY Inc. has eleven full time process servers. In addition, they have recently added online services to their computer network that allow them to offer affidavit and invoice information to their clients.
